

**Triangular Co-operation  
Programme  
for Agricultural Development  
of the Nacala Corridor  
in Mozambique**

Brussels, February 2016

---

# ProSAVANA

---

ProSAVANA is a Triangular Cooperation Programme, currently in the Technical Cooperation stage aiming to:

Improve the socio-economic conditions in the Nacala Corridor by investing in

- Technology,
  - Innovation;
  - Infrastructures.
- 
- Triangular Cooperation Model (Mozambique, Japan, Brazil);

## The framework of ProSAVANA

---

Implement the Strategic Plan for the Agricultural Sector Development 2011 – 2020 (PEDSA), based on five pillars:

- Production and Productivity
- Market Access
- Food and Nutritional Security
- Sustainable use of natural resources
- Institutional strengthening

Agriculture Development Corridors:

Maputo, Limpopo, Beira, Zambeze Valley, **Nacala** and Pemba-Lichinga.

## Vision and Missions of ProSAVANA

**Visão: Improve the livelihood of inhabitants of Nacala Corridor**

**Mission 1: Improve and modernise agriculture to increase productivity and production, and diversify agricultural production**

**Mission 2: Create employment through agricultural investment and establishment of a supply chain**

**STRENGTHENING OF FAMILY FARMING**

**SUPPORT FROM GOV**

**SUPPORT FROM THE PRIVATE SECTOR**

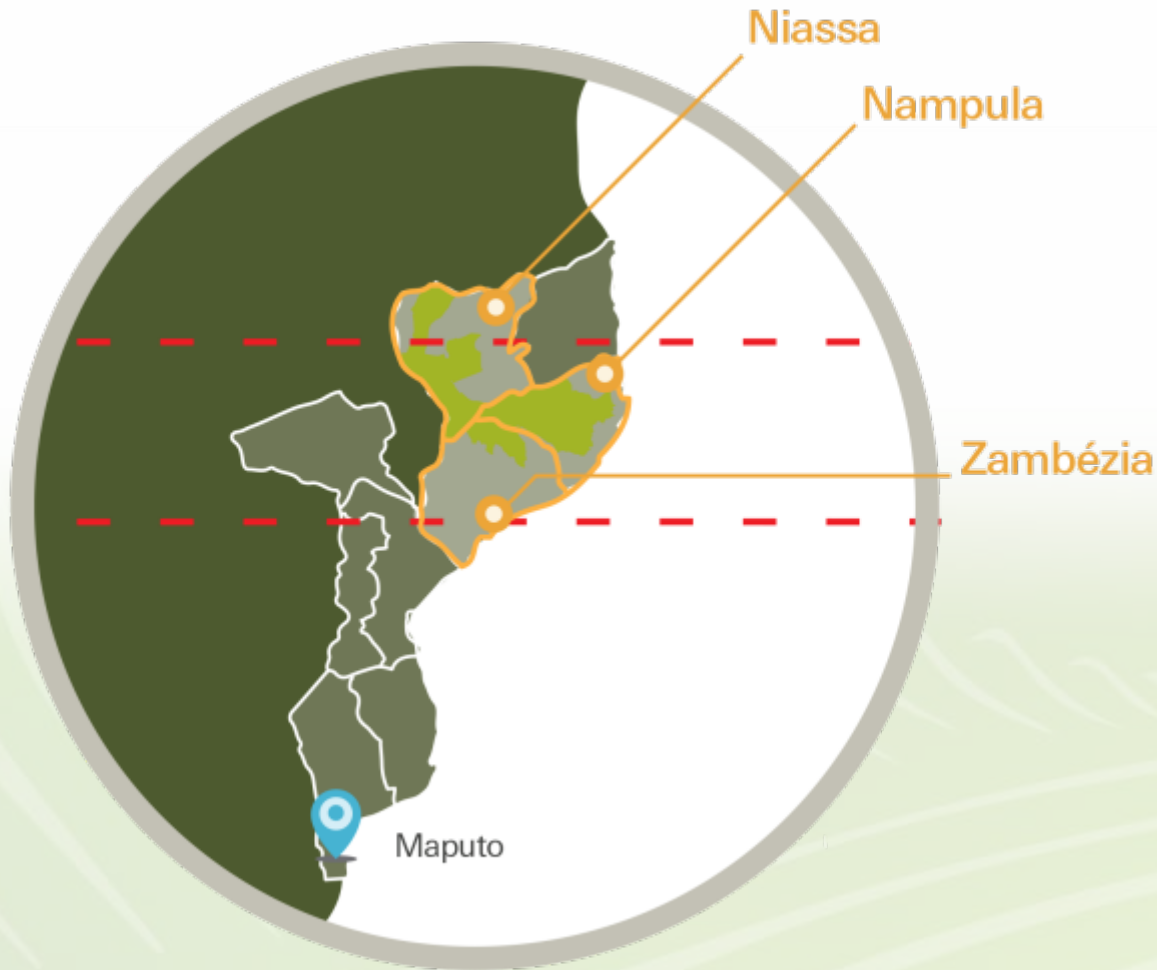

**SUPPORT FROM THE DEVELPT. PARTNERS**

## Objective

---

- Create new agricultural development models, taking into account the natural environment and socio-economic aspects, and seeking market-orientated agricultural/rural/regional development with a competitive edge.

## Key Indicators

**Nacala Corridor**

**3** Provinces  
**19** Districts
