

On behalf of the Government and the People of Malawi, and indeed on my own behalf I would like to congratulate the entire Organisation of the African, Caribbean and the Pacific States (OACPS) for coming into existence at this opportune time.

The Organisation has been born at the time when multilateralism is faced with a lot of challenges, such as terrorism, migration, poverty, climate change, diseases and other vices.

It is for this reason, that Malawi is very hopeful that the OACPS will go a long way to serving mankind throughout the globe.

Malawi would like to assure the OACPS of its support and commitment towards the achievement of its goals and objectives.

Long live OACPS !!!

Ambassador Tedson A. Kalebe
