results are on or beyond targets set. The presentation also reported on the progress made by the regional component wherein 8 (eight) of 10 (ten) contracts had provided the TA team with their cumulative progress reports – being from the start of their contract to December 2021 included. It was noted that this impacts the overall consolidated results for the regional component. Progress made by some of the regional organizations in seeking accreditation to the Green Climate Fund (GCF) and accessing climate finance overall, was noted. This underlines the fundamental role of the TA team and the OACPS Secretariat in supporting OACPS countries and regions to access financing from the GCF or other funds, in particular OACPS’ ongoing initiative and efforts to become a Delivery Partner for the GCF.

Other issues discussed included the Programme budget, and use with relevance to working days for Key and non-Key Experts, given that the programme was expected to end in May 2022 (subsequently revised to July 2022), as well as the progress made in Communication and Outreach.

Presentation on Climate Action and Resilience was made to the OACPS Parliamentary Assembly, 30 March 2022: the session was held in preparation for the Joint OACPS-EU Parliamentary Assembly (JPA) held in Strasbourg on 31 March - 2 April 2022. The 3rd
