Project Title & FA Decision	Description & Objectives	Results/ Activities	Implementation status
1. Human and social Development			
Agreement No. ACP/EDF/2019/038-843 — ACP Programme to Strengthen Health Systems for Universal Health Coverage for an amount of €150.0million was signed on 29 th April 2019. Addendum No.1 to this FA increased the amount to €175 million. The programme will be implemented over a period of 84 months excluding closure period fixed at 24 months.	The overall objective of the programme is to contribute to the ACP Group of States efforts to reach universal health coverage (SDG target 3.8). The outcomes/specific objectives of the programme are: Strengthened and resilient health systems; and, Strengthened regulatory and support functions of global, regional and subregional bodies.	Output 1 (Governance/strategic planning support); Output 2 (Access to medicines, vaccines and health products); Output 3 (Health workforce capacity strengthened; Output 3 (Health financing policy)	The programme is ongoing and is expected to end on 30 April 2025. The main ongoing project activities include a Pilot Programme on Resource Mapping (REMAP) for COVID-19 launched in Chad, Niger and Senegal Beneficiary ACP Countries All Members of the OACPS receive assistance through the WHO regional offices,
Direct Management through Grants and direct award to CARPHA Indirect Management with WHO, UNOPS, AUC and SPC		developed and supported; Output 5 (Health information Management systems established; Output 6 (Service delivery strengthened.	For more information, contact: Department of Political Affairs and Human Development (PAHD).
Agreement No. ACP/EDF/2019/042-014 – Control of Communicable Diseases: Contribution to Global Alliances for Vaccines and Immunization (GAVI), the Vaccine Alliance was signed on 03 December 2019 for an amount of €8.4 million. The programme will be implemented over a period of 36 months excluding closure period fixed at 4 months.	The overall objects of the programme is to contribute to reducing child mortality, in line with SDG 3, by supporting the introduction of pneumococcal vaccines, and to contribute to polio eradication by supporting the introduction of inactivated polio vaccines in low-income countries eligible for GAVI support.	Pneumococcal/inactivated polio vaccines will be provided to Ministry of Health, in accordance with each country proposal;	The programme is ongoing and is expected to end in December 2022. It is implemented by GAVI. GAVI continues to provide reports to the Sub-Committee on Sustainable Development

Project Title & FA Decision	Description & Objectives	Results/ Activities	Implementation status
	The specific objective is to fund procurement and delivery of pneumococcal/inactivated polio vaccines in low-income countries on the basis of country applications duly approved of by the GAVI Board.	National immunization rates and vaccine coverage by the pneumococcal/inactivated polio vaccines are improved and/or sustained. 1.4 Contribute to improvement of higher education in ACP countries

Erasmus+ Programme was agreed through an exchange of letter between the ACP (Chair of the Committee of Ambassadors) and the EC DEVCO in July 2015 approving the financing proposed for the programme. The total amount allocated to the Programme is €85.0 million for five years.

Implementation mode

Direct Management (5 Calls for Proposals issued by the Education, Audio-visual and Culture Executive Agency (EACEA).

The overall objective of the programme is to promote people to people contacts, intercultural awareness and understanding, develop capacity and contribute to modernising higher education in ACP countries, with particular attention to least developed countries and disadvantaged groups.

Specific objective 1 (credit and degree mobility actions): Improve the skills and competencies of students and staff, and the employability of graduates; Specific objective 2 (capacity building action): Support the modernisation, accessibility and internationalisation of higher education in the ACP Countries.

ACP countries are supported to deal with the challenges facing their higher education institutions and systems, including those of quality, relevance, equity of access, planning, delivery, management, governance and internationalisation by offering a balanced mix of actions addressing individuals, institutions and higher education systems.

The Programme is ongoing and is expected to end in December 2023.

All the amount of €85 million as well as the additional €22 million have been contracted. The execution period of the programme will continue during the next three years until all the students have completed their studies. programmes.

Climate Alliance Plus (GCCA+) for an amount of 70.0 million (reduced to €33.0 million through GCCA+ Part 2) was signed on 28th July 2017. The Programme will be implemented over a period of 72 months (excluding the closure phase of 24 months).

Implementation modality

Indirect management-with a partnership of EU Member State agencies and international organisations, including entrusted ACP Regional increase the resilience of the ACP countries and regions to counter the adverse impacts of climate change in order to reduce poverty and promote sustainable development.

The overall objective (impact) of the programme is to increase resilience of ACP regions and countries to the adverse impacts of climate change and to contribute to the achievement of the UN SDGs, particularly SDG 13(Climate Action) in order to reduce poverty and promote sustainable development.

The specific objective (outcome) is better regional and national adaptation and mitigation responses to the

- 1) Enhanced operational and institutional capacity of ACP regional organisations to support ACP countries in relation to climate negotiations and implementation of the Paris Agreement
- 2) Regional and national climate change strategies and priorities contributing to implementation of the Paris Agreement (including nationally determined contributions) updated and supported
- 3) Pilot adaptation projects (including ecosystembased solutions) successfully tested/

May 2022. While the Global Support Facility (GSF) was closed in May 2022 the balance of the TA component was extended to 25 July 2022, based on a neutral cost extension. The regional component of the programme are expected continue to at least the end of 29 July 2023 with implementation of some region's contracts extending beyond this date.

The 16th Monitoring and Evaluation (M&E) report was tabled. It highlighted the activities carried out during the reporting period, including the progress made to date by the TA towards the targets set in the Programme's log-frame. The presentation showed that to date,

Organisations; Indirect Management with the ACP Secretariat. ADDENDUM No. 1 to Financing Agreement No. ACP/FED/037-995 Intra-ACP Global Climate Change Alliance Plus (GCCA+) - CRIS No FED/2016/37995 Extension of the time limit for implementation and execution period and of the contracting period was signed on 21 December 2020.	climate change challenges faced by ACP countries at operational, institutional and financial levels. This Programme responds to the objective 2.1 of the 11 th EDF Intra-ACP Strategy (to contribute to improved capacities of adaptation to and mitigation of climate change in ACP countries and regions). The programme will also contribute to the United Nations 2030 Agenda for Sustainable Development, in particular, the achievement of SDG Goal 13 "Take action to combat climate change and its impacts".	implemented in ACP regions and countries replicated and/or scaled up 4) Strategic dialogue on climate change between ACP regional organisations and ACP countries strengthened; negotiation capacity built; information, capacity and knowledge about climate action shared across ACP countries and/or regions. 5) Capacity of ACP technical institutions, universities and regional centres strengthened to support capacity building, research and innovation for climate change adaptation and mitigation in ACP regions and countries. 6) Innovative approaches supported for accessing and mobilising climate finance from the public and private sectors.	results are on or beyond targets set. The presentation also reported on the progress made by the regional component wherein a (eight) of 10 (ten) contracts had provided the TA team with their cumulative progress report — being from the start of their contract to December 2021 included. It was noted that thi impacts the overall consolidated results for the regional component. Progress made by some of the regional organizations in seeking accreditation to the Green Climate Fund (GCF and accessing climate finance overall, was noted. This underlines the fundamental role of the TA team and the OACPS Secretariat is supporting OACPS countries and regions to access financing from the GCF or other funds in particular OACPS' ongoing initiative and efforts to become a Delivery Partner for the GCF. Other issues discussed included the Programme budget, and use with relevance to working days for Key and non-Key Experts given that the programme was expected to end in May 2022 (subsequently revised to Jul 2022), as well as the progress made in Communication and Outreach. Presentation on Climate Action and Resilience was made to the OACPS Parliamentar Assembly, 30 March 2022: the session was held in preparation for the Joint OACPS-EP arliamentary Assembly (JPA) held in Strasbourg on 31 March - 2 April 2022. The 3'

Description & Objectives	Results/ Activities	Implementation status
particular, the achievement of SDG Goal 13 "Take action to combat climate change and its impacts". The overall objective of the programme (impact) is to increase the resilience of the ACP countries and regions to counter the adverse impacts of climate change in order to reduce poverty and promote sustainable development. More specifically, the programme aims to contribute to the conservation of biodiversity through the promotion of ecosystem based solutions to climate adaptation and disaster risk reduction. Therefore, this action will also contribute towards the achievement of SDG 15 "Sustainably manage forests, combat desertification, halt and reverse land degradation, halt biodiversity loss".		
The programme's overall objective is to contribute to the sustainable development of ACP SIDS and coastal countries. Its specific objective is to contribute to the implementation of the Small Island Developing States Accelerated Modalities of Action (SAMOA) Pathway by supporting and improving the management and sustainable use of coastal and marine resources.	The following are the expected results of the programme: Result 1: Capacities of ACP regions and countries to effectively manage coastal and marine biodiversity and resilience to climate change are strengthened; Result 2: Regional, national and local efforts to assess, conserve, protect, manage and sustainably use marine and terrestrial biodiversity are supported; Result 3: Partnerships for environmental sustainability are developed and strengthened. This programme contributes to the achievement of SDG 14 (Conserve and sustainably use the oceans, seas and marine resources for sustainable development)	The project is ongoing and is expected to end on 01 January 2027. An Addendum No. 1 to the Financing Agreement was signed on 27th April 2021. The Addendum provides for an extension of the implementation of the programme by 18 months i.e. from 72 months to 90 months. Draft Terms of Reference for the Technical Assistance-Indirect Management with the OACPS Secretariat for "Result 3- Partnerships for environmental sustainability are developed and strengthened" in the amount of (1MEUR) has been prepared by the Secretariat and submitted to INTPA services for their review, approval and processing. 2.3 Contribute to the implementation million)	2.3 Contribute to the implementation of environment related international commitments by ACP countries institutions and networks (€160.0 million)					
Agreement No. ACP/FED/038-593: Biodiversity and Protected Area Management (BIOPAMA II) for an amount of €60.0 million was signed on 9 June 2017. The programme will be implemented over a period of 72 months excluding the closure phase fixed at 24 months. Implementation modality: Direct management – procurement of services – administrative arrangement with the Joint Research Centre (JRC); Direct management – grants – direct award to the International Union for Conservation of Nature (IUCN).	Specific objective 1: Reference Information Systems for biodiversity and protected areas management are maintained and enhanced at global, ACP and Regional levels; Specific objective 2: The Regional Observatories (ROs), mandated by regional institutions and hosting the PRIS, are used by stakeholders to improve planning and decision making for biodiversity conservation and sustainable natural resource management and governance. Specific objective 3: Based on the management and governance priorities, planning and implementation of biodiversity conservation and ecosystem services and sustainable natural resource management	PA assessments by national PA agencies, using appropriate assessment tools, are implemented systematically for planning and decision-making. Required management actions, as identified by appropriate management and governance assessment tools, are implemented in pilot Pas in the conservation landscapes, including SIDS.	The programme is ongoing and is expected to end on 10 June 2023. The Mid Term Review (MTR) was completed in the last half of 2021 to assess the design, performance, and impact of the programme and identify lessons learnt to improve its strategy and implementation of activities for the remainder of the programme. The following are the most recent programme updates: Results were reported in the. Regional Observatories are now in place and being updated. They can be accessed at the following links; Global Regional Information Systems (RIS) managed by JRS is in place and is regularly updated. https://rris.biopama.org/dashboard Major development on the RIS, design improvements, and new backend architecture done with better user interface and dynamic interactive tools for conservation tracking including Integrated Management Effectiveness Tool (IMET), Protected Area Governance and Equity(PAGE),

3. Support to PSD and Investment (€600.0 million) + EUR 15.5 top up to the ACP-EU Digital connectivity programme						
3.1 Support business friendly and inclusive national and regional policies and strengthen productive capacities and value chains						
Agreement No. ACP/FED/038-589 — Support to business friendly and inclusive national and regional policies and strengthen productive capacities and value chains was signed on 19 November 2018 for an amount of €34.7 million. The programme will be implemented over a period of 60 months excluding the closure phase of 24 months. Implementation modality The programme will be implemented through Indirect management between the EC and World Bank, the UNIDO and the International Trade Centre (ITC)	The proposed action shall contribute to the overall objective of generating inclusive and sustainable growth through a more conducive business environment and a stronger role of the private sector. The specific objective is to "support business friendly and inclusive national and regional policies and strengthen productive capacities and value chains". The objective shall encompass the pursuit of a longer-term green industrialization process supported by a more active presence of ACP private sector in the context of regional and global value chains, taking into account trade and investment.	There are two results to be attained by the programme: 1) Business-friendly, inclusive and responsible national policies and legal frameworks are implemented; 2) Higher productivity and competitiveness through strengthened marketing capacities and value chains.	The programme is ongoing and is expected to end on 20th November 2023. Coordination mechanism meeting between the OACPS Secretariat, EC/INTPA and the 3 implementing agencies has been held on May 2021 to reflect on how to enhance programme delivery and how to increase visibility of both the EC and the OACPS Secretariat Beneficiary countries For more information, contact: Department of Structural Economic Transformation and Trade			
Agreement NO. ACP/FED/041-097 – Technical Assistance Facility for improving the business environment and wider investment climate through a structured dialogue was signed on 3 rd December 2019 for an amount of €10.0 million. The programme will be implemented over a period of 36 months excluding the closure phase which is fixed at 18 months. Implementation modality Indirect management with EU Member States Organisations (Gesellschaft fur Internationalen Zusammenarbeit [GIZ], Expertise France, British Council, and Luxdev.	The programme's overall objective is to promote inclusive and sustainable growth with decent job creation in ACP countries. The specific objective is to support ACP countries and regional institutions in their private sector structured dialogue process to create a more conducive business environment and investment climate. The facility will be demand driven.	The expected results of the programme are as follows: Output 1: Business environment and investment climate improvement initiatives resulting from formal and informal private and public sector dialogue process are supported, with a special focus on strategic ACP value chains; Output 2: ACP regional development financial institutions are strengthened in their capacities to participate in the identification, preparation and implementation of investment pipelines	The programme is ongoing and is expected to end in December 2022 The programme is delivering successful result to assist OACPS member states and regions by providing technical assistance to improve business environment and has delivered workshops on various financial instruments to assist MSMEs to access funding (www.icr facility.eu) For more information: Contact Department of Structural Economic Transformation and Trade
