Project Title & FA Decision	Description & Objectives	Results/ Activities	Implementation status
1.5 Contribute to the improvement of ACP countries 'development policies, research and innovation and TVET capacities			
<p>Agreement NO. ACP/FED/038-651 – ACP-EU Programme to strengthen Research and Innovation Capacity in ACP countries was signed on 18 December 2018 for an amount of €60.0 million. The programme is being implemented over a period of 84 months excluding the closure which is fixed at 24 months.</p> <p>Implementation modality</p> <p>Indirect Management with the ACP Secretariat</p>	<p>The overall objective (impact) of the programme is to unlock the inclusive innovation potential of ACP countries and support their transition into knowledge-based economies for sustainable development and poverty reduction. The specific objectives of the programme are:</p> <ol style="list-style-type: none"> 1. To foster a conducive Research and Innovation (R&I) environment across the ACP countries; 2. To facilitate access to R&I knowledge, transfer and cross-fertilisation throughout the ACP countries; 3. To enhance the quality of R&I policies and systems in ACP countries. 	<p>The expected results (outputs) of the programme are:</p> <ol style="list-style-type: none"> 1. Capacity of R & I stakeholders is enhanced; 2. Knowledge of R&I initiatives, practical approached and good practices, policies and standards, is created, shared and communicated in an effective manner among ACP countries; 3. Capacity of ACP government ministries and related implementing bodies responsible for Research, innovation and Higher Education is enhanced in developing R&I policies and strategies 	<p>The programme is ongoing and is expected to end on 19 December 2025.</p> <p>The programme Steering Committee (SC) was held on 25 July 2023 with the view to take stock on the implementation of projects under both the Policy Support Facility (PSF) and the Innovation Fund (IF) .</p> <p>Noting that the programme was already in its third year of implementation, the SC acknowledged that it was high time to demonstrate results for all those projects that are most advanced under both the IF and the PSF. The importance of communication and visibility of the results was also underscored by the SC.</p> <p>The SC also noted with concern that some implementing agencies did not respect their reporting obligations.</p> <p>Finally, the SC acknowledged that most projects will not be completed within their prescribed time frames for a variety of reasons. To this extent, the option of a No-Cost</p>

Project Title & FA Decision	Description & Objectives	Results/ Activities	Implementation status
	<p>action to combat climate change and its impacts”.</p> <p>The overall objective of the programme (impact) is to increase the resilience of the ACP countries and regions to counter the adverse impacts of climate change in order to reduce poverty and promote sustainable development. More specifically, the programme aims to contribute to the conservation of biodiversity through the promotion of ecosystem based solutions to climate adaptation and disaster risk reduction. Therefore, this action will also contribute towards the achievement of SDG 15 “Sustainably manage forests, combat desertification, halt and reverse land degradation, halt biodiversity loss”.</p>		
<p>Agreement No. ACP-FED/041-205: Support Programme for ACP Small Island Developing States (SIDS) and Coastal countries for an amount of €35.0 million was signed on 31 July 2019. The programme is being implemented over a period of 72 months excluding 24 months’ closure period.</p> <p>Implementation modality Direct management through Grants with the OECS, IOC, University of Mauritius and SPREP Indirect management with: Secretariat of the OACPS</p>	<p>The programme’s overall objective is to contribute to the sustainable development of ACP SIDS and coastal countries. Its specific objective is to contribute to the implementation of the Small Island Developing States Accelerated Modalities of Action (SAMOA) Pathway by supporting and improving the management and sustainable use of coastal and marine resources.</p>	<p>The following are the expected results of the programme: Result 1: Capacities of ACP regions and countries to effectively manage coastal and marine biodiversity and resilience to climate change are strengthened; Result 2: Regional, national and local efforts to assess, conserve, protect, manage and sustainably use marine and terrestrial biodiversity are supported; Result 3: Partnerships for environmental sustainability are developed and strengthened. This programme contributes to the achievement of SDG 14 (Conserve and sustainably use the oceans, seas and marine resources for sustainable development)</p>	<p>The project is ongoing and is expected to end on 1 January 2027.</p> <p>Two regional grant contracts (Caribbean EUR 10.7M BIOPSPACE Programme implemented by OECS and Pacific EUR 12M BIOSCAPES Programme implemented by SPREP) were signed and implementation is underway</p> <p>An Addendum No. 1 to the Financing Agreement was signed on 27th April 2021. The Addendum provides for an extension of the implementation of the programme by 18 months i.e. from 72 months to 90 months.</p> <p>Tender process for the Technical Assistance-Indirect Management with the OACPS Secretariat for “Result 3- Partnerships for environmental sustainability are developed and strengthened” in the amount of (EUR 1.8 M) is underway and expected to be finalised for contracting in early 2024.</p> <p>Beneficiary countries</p>
